

Dog Training Classes

The classes at PAWZ use only positive reinforcement, choice-based techniques where our dogs learn to make the good choices that we want. We are fear & force free! Each level introduces you and your dog to new skills while continuing to practice previous skills with more challenges. You and your dog progress through the levels at your own pace. An added benefit to your weekly class is that each week you can attend as often as you have time for as long as there is room in the additional classes.

All classes are 8 weeks in length.

Check out our website at www.pawzenrich.com for more information about our classes and join us there by creating a login for continued information.

DayTraining

Daytraining at PAWZ includes time with other compatible dogs, rest times, individual and group training, enrichment activities, and lots of love and care that you would provide if you could be home with them all day.

Each day is designed with you and your dog's needs in mind.

Dogs must be crate trained.

We require dog evaluations to ensure everyone stays safe.

Practice/Competition

PAWZ practice space is equipped with competition foam flooring and Agility/Fitness/Rally/Obedience equipment. Appointments can be made for individuals and/or groups.

Grooming

PAWZ has added grooming services and a self-wash for those who would like to bath their own dogs.

Dog Supplies

In the PAWZ retail area, we offer unique dog gifts and supplies. We carry local/regional items and are always on the lookout for creative crafters. Let us know if you have/make dog related items.

Right Paw Puppy Socials

Right Paw provides a critical opportunity for puppies of all mixes, breeds, and sizes to get socialization during their "sensitive period" which is between 8 and 24 weeks of age. Socialization means introducing your puppy, in a safe and positive way, to possible sights and sounds that will be part of their world.

Sundays at 1:00 pm, \$5.00 per dog. Check out our website for more information.

PAWZ Enrichment Center is unique in that it is a dog care facility in the Bismarck/Mandan area that:

- Uses Positive Reinforcement, Choice-based training techniques in all their classes
- Specializes in ‘getting puppies started on the right paw’
- Has classes in Basic Manners for all ages, Agility, Tricks, Dog Fitness, Behavioral concerns and more
- Has daycare that includes training
- Has space for dog competitors to practice their skills before trials
- Has safe indoor/outdoor dog park times for approved dogs and times for reactive dogs to safely expend their energy
- Sells unique dog items
- Has grooming services
- Free training consultations
- Is located in Bismarck and is easy to access
- Is staffed with an approved AKC Evaluator for the CGC, S.T.A.R Puppy, and Therapy Dog Evaluations
